

## **IMO International Network Conference 2017**

Dear IMO clients, network members and friends,

We would like to invite you to our yearly International Network Conference in the Netherlands.

Every year we share at this platform our on-going research and development on 'horizontal organizing' and 'horizontal leadership' that we do together with our clients. You are most welcome to join us at this conference.

Last year we started a 3-year process on 'the inner side of leadership' that shows itself in leadership abilities.

This year we go further with the second round and we will explore the next 3 leadership abilities out of 9 to strengthen our leadership practise.

### **Integrity – Interest – Social intelligence**

In this year program different IMO colleagues will give presentations, in some cases together with their clients, and will do exercises together with us regarding to the theme.

This conference offers you a good opportunity to network, to learn from each other and to strengthen our relationship.

We look forward to meet you in this lively event.
